Youth Happenings

First of all, my name is **Shay Abdalla**. I'm part of the BCIS Youth Group. I've been involved with the Senior Youth Group since 2014. I'm lucky to be in this program

because I have the opportunity to meet new people as we do a lot of activities during this program. Also, as students, we get help with our school work and if we need help with other things, they help us with that too! They make

sure we are safe and everything is going well. Summer has been great because Youth Program helped us find a summer job by connecting with the SELECT Company from Lethbridge. This is so as students we could have a summer job and help ourselves become independent. We would also have the money we needed to go back to school shopping. Working as summer student with Select Company gave us a lot of opportunities to meet people from different backgrounds and work as one group. Having a summer job helped me and many other BCIS youth as well because now we are more independent and don't need to always ask our parents for money.

BCIS Open House

Thank you to all who joined us for our Open House!

The staff at BCIS would like to thank all those who volunteered their time for our organization during the past year. In addition, this event would also not have been a success without your volunteer help!
